PROFESSIONAL SUMMARY

Full Stack Developer and MCA graduate with hands-on project experience in React.js, JavaScript, Node.js, Express.js, Python, and FastAPI. Familiar with REST API development, authentication, CRUD operations, database integration, responsive interfaces, and Git-based workflows. Currently contributing to software feature development at an electrical and cable manufacturing company while continuing to develop full-stack projects and strengthen backend development skills.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), React.js, Redux, Context API, HTML5, CSS3, Material UI, Responsive Design
Backend: Node.js, Express.js, Python, FastAPI, REST APIs, JWT, Authentication, Middleware, MVC Architecture, Error Handling
Databases: MongoDB, PostgreSQL, SQL, SQL Server, Mongoose, Data Modeling, Aggregation
Tools and Platforms: Git, GitHub, Postman, Render, dotenv, Canva
Currently Learning: n8n, Workflow Automation, API Integrations

PROFESSIONAL EXPERIENCE

Full Stack Developer **October 2026 – Present**
ANODE ELECTRIC PRIVATE LIMITED (ANOCAB) *Jabalpur, Madhya Pradesh*

- Contribute to frontend and backend feature development for business software and web applications.
- Work on application functionality, user-facing interfaces, and feature maintenance within an existing development workflow.
- Contribute to development of a product website and internal business systems while maintaining confidentiality of unpublished company information.

IT Associate **April 2026 – October 2026**
Vijan Mahal *Jabalpur, Madhya Pradesh*

- Troubleshot computer systems, LAN/Wi-Fi connectivity, telephone systems, and network-connected devices to support day-to-day hotel IT operations.
- Configured and maintained CCTV systems, including device connectivity and troubleshooting.
- Maintained IT hardware and peripheral inventory records and assisted with system-related issues.
- Designed posters, welcome boards, and digital display materials using Canva and AI-assisted design tools.

Lab Data and Operations Assistant **October 2020 – December 2022**
Diagnostic Laboratory *Jabalpur, Madhya Pradesh*

- Maintained operational records and documentation using Microsoft Excel.
- Processed 50+ daily entries involving billing records, reports, and related documentation.
- Organized structured data for efficient retrieval, reporting, and daily operations.

PROJECTS

CampSync – Department Management System *React.js, Node.js, Express.js, MongoDB*

- Built a full-stack academic management application using the MERN stack with separate frontend and backend architecture.
- Developed REST APIs for academic data management and implemented JWT-based authentication, password hashing, protected routes, and verification middleware.
- Built responsive interfaces using React.js and Material UI, with Axios for API communication.
- Implemented CRUD operations, filtering, sorting, file uploads, and data visualization for academic workflows.
- **Live Demo:** CampSync **Source Code:** GitHub Repository

Personal Developer Portfolio *React.js, JavaScript, CSS, Three.js*

- Developed a personal portfolio website to showcase technical skills, projects, and professional experience.
- Created a distinctive dark visual design with custom animations, interactive visual effects, and reusable React components.
- Designed responsive sections to present projects, career experience, and contact information.
- **Live Website:** View Portfolio **Source Code:** GitHub Profile

“‘

Lead Management System – UI Prototype *React.js*

- Designed a user interface prototype for managing leads and sales-related workflows in a hotel context.
- Exploring role-based workflows for administrators and team members. Backend implementation and functional business features remain planned work.

CERTIFICATIONS AND VIRTUAL EXPERIENCE

Software Engineering Virtual Experience – Accenture (Forage)
Completed a software engineering simulation involving debugging, development tasks, problem-solving, and SDLC practices.

AWS Cloud Participation Certificate – HCL GUVI
Covered foundational AWS concepts, cloud architecture, deployment basics, and core AWS services.

EDUCATION

Master of Computer Applications (MCA) **2023 – 2025**
Rani Durgavati Vishwavidyalaya *Jabalpur, Madhya Pradesh*

Bachelor of Commerce (B.Com) **2019 – 2022**
Rani Durgavati Vishwavidyalaya *Jabalpur, Madhya Pradesh*
